### What am I?

Connect the dots to complete the picture

### Why build a new bridge?

#### It will be safer!

The new bridge provides a safer crossing for all bridge users with wider lanes, separated by a centre median barrier.

#### It will be accessible!

The new bridge will have dedicated walking and cycling lanes, separated from traffic by a barrier on both sides of the bridge.

#### It will connect neighbourhoods!

A new bridge will provide better connections to, from and near the bridge.

### Design a bridge

How would you design a bridge? Draw it below!

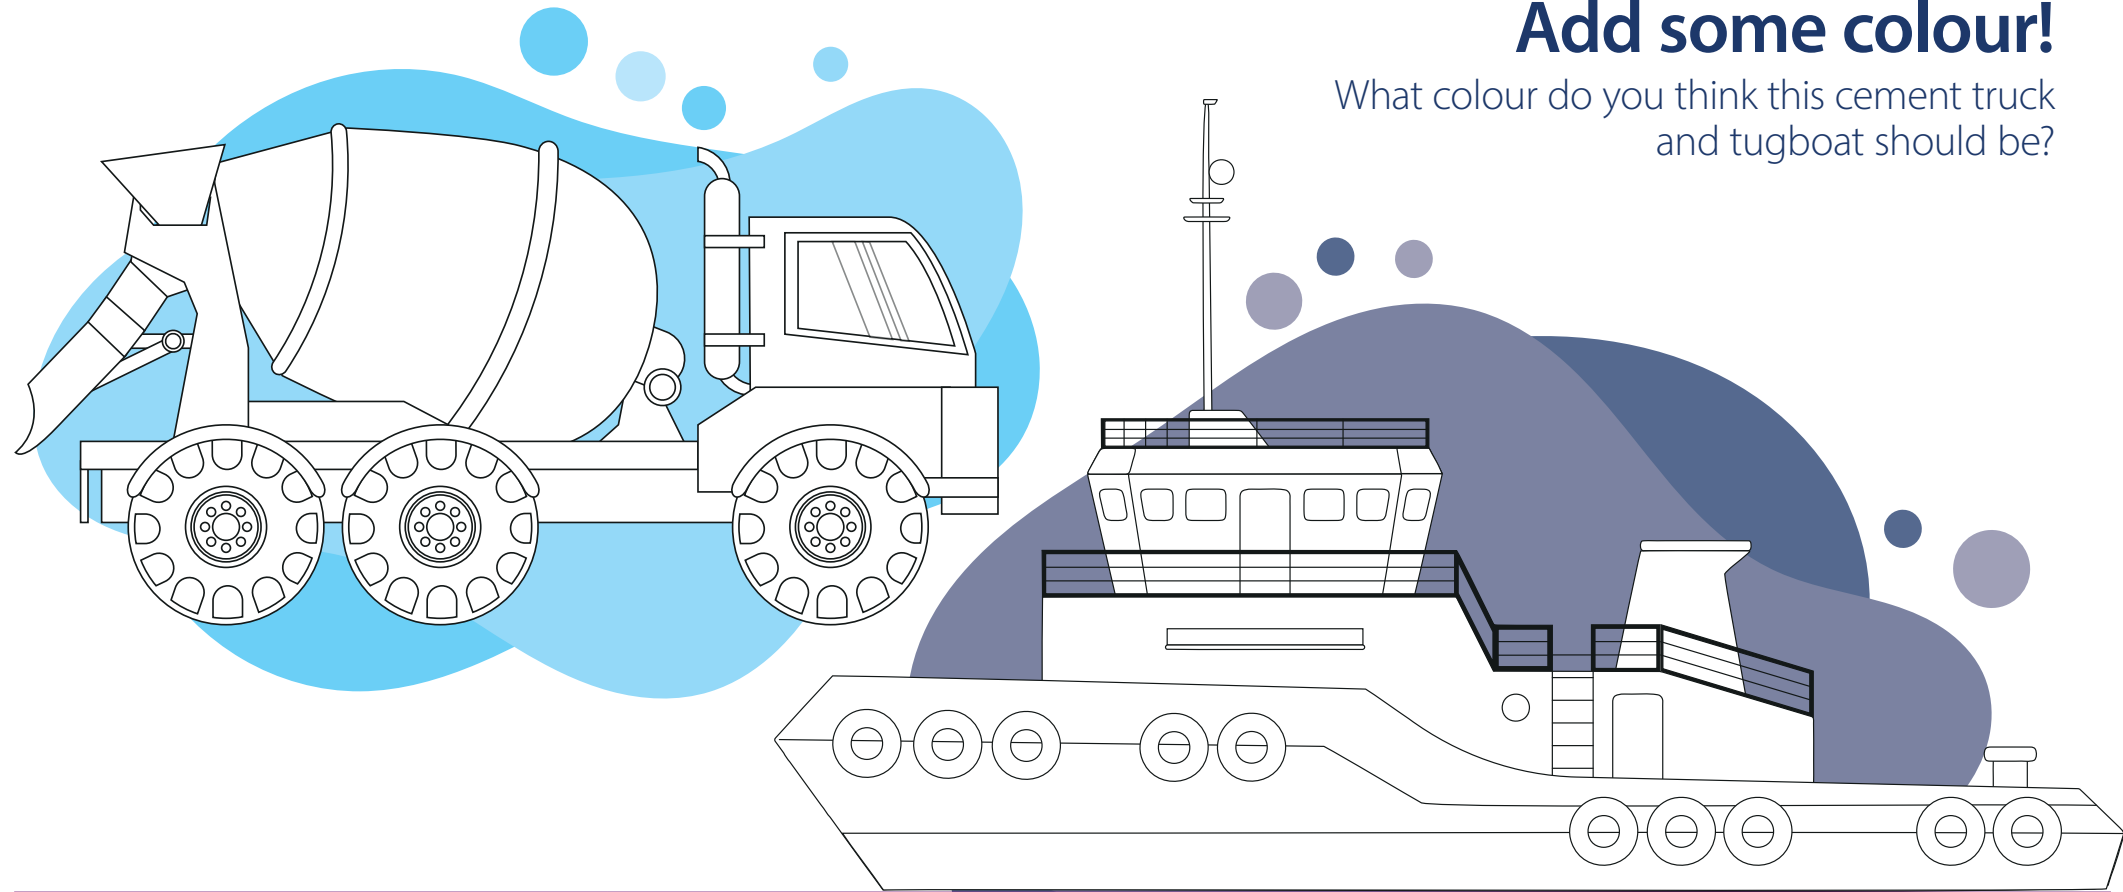

# How would you get across?

Use the bridge to get through the maze!

# Add some colour!

What colour do you think this cement truck and tugboat should be?

## Eye spy

Can you spot the symbols to the right in the box below?
