

Nighttime work on Columbia Street between McBride Boulevard and the Pattullo Bridge

January 8, 2025

Starting the week of January 13, Fraser Crossing Partners will install bridge deck panels on the girders across Columbia Street between McBride Boulevard and the existing bridge to form the new bridge deck.

Nighttime traffic control will be implemented at night between 9 p.m. and 5 a.m. **Traffic will be maintained in each direction.**

What to Expect

Timing

Starting the week of January 13 and continuing for approximately 3 weeks.

Hours of Work

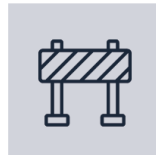

Work will take place 24 hours a day. These activities are not anticipated to be noisy.

Traffic control will be implemented nightly from 9 p.m. until 5 a.m.

Traffic

One lane of traffic maintained in each direction. Occasional single lane alternating traffic will be required. Trucks will continue to use official truck routes based on applicable time restrictions, which include Royal Avenue and Braid Street/E 8th Avenue during the day and alternate routes at night. All traffic pattern changes will be well signed.

Impacts/Interruptions

Access for drivers, pedestrians, and cyclists will be maintained.

Occasionally at night, short stoppages will be required for pedestrians and cyclists on the Central Valley Greenway while deck panel lifts are being conducted. Traffic control personnel will be on site to assist.

We appreciate your patience while this work is underway. If you have any questions about this work, please email info@fcgp.ca or call the 24/7 phone line: 1-844-815-6149. For more information about the Project, please visit pattullobridgereplacement.ca.
