

Overnight closures of Highway 17, 112/111a Avenue, and Bridge Road during ongoing bridge construction

February 7, 2025

Bridge construction in Surrey is progressing and over the coming months, a number of key activities will be taking place which will require overnight directional closures of Highway 17. These activities include:

- the installation of girders for the new Highway 17 off-ramp and Old Yale Road westbound overpass
- the installation of overhang decks for the new multi-use pathways on both sides of the new bridge deck across Highway 17
- the removal of formwork from the new bridge deck across Highway 17
- the installation of utilities, fencing, and other finishings onto the new bridge deck across Highway 17
- the completion and opening of the Old Yale Road westbound overpass
- final paving and other roadworks on Highway 17
- the installation of new guide signs on Highway 17

When Highway 17 eastbound closures are in place, occasional closures of 112/111a Avenue will be required. When Highway 17 westbound closures are in place, occasional closures of Bridge Road will be required.

More information for each of the activities noted above will be communicated in advance via additional notifications, traffic media, the [@pattullobridge X account](#), and posted on www.DriveBC.ca. Please also watch for signage indicating when closures and detours will be in place.

Emergency responders and cyclists will need to follow detour routes, as access will not be maintained during these closures. Detour routes will be clearly marked and are as follows (shown below):

- **Highway 17 westbound** – drivers will be detoured at Bridgeview Drive to King George Boulevard, 120 Street, and Tannery Road to continue westbound travel.
- **Highway 17 eastbound** – drivers will be detoured at Tannery Road to 120 Street, King George Boulevard, and will access Highway 17 eastbound via Bridgeview Drive.

What to Expect

Timing

Ongoing into summer.

Hours of Work

Timing and durations of these overnight closures will be communicated in advance.

Traffic

Overnight closures of Highway 17, Bridge Road, and 112/111a Avenue will be required. Drivers will be detoured at Tannery Road and Bridgeview Drive while closures of Highway 17 are in effect. All traffic pattern changes and detour routes will be well signed, and traffic control personnel will be on site to assist when required.

Impacts/Interruptions

Drivers may experience longer than normal travel times due to the detours.

We appreciate your patience while this work is underway. If you have any questions, please email info@fcgp.ca or call the 24/7 phone line: 1-844-815-6149. For more information about the Project, please visit pattullobridgereplacement.ca.
