Project Overview

Connections in New Westminster

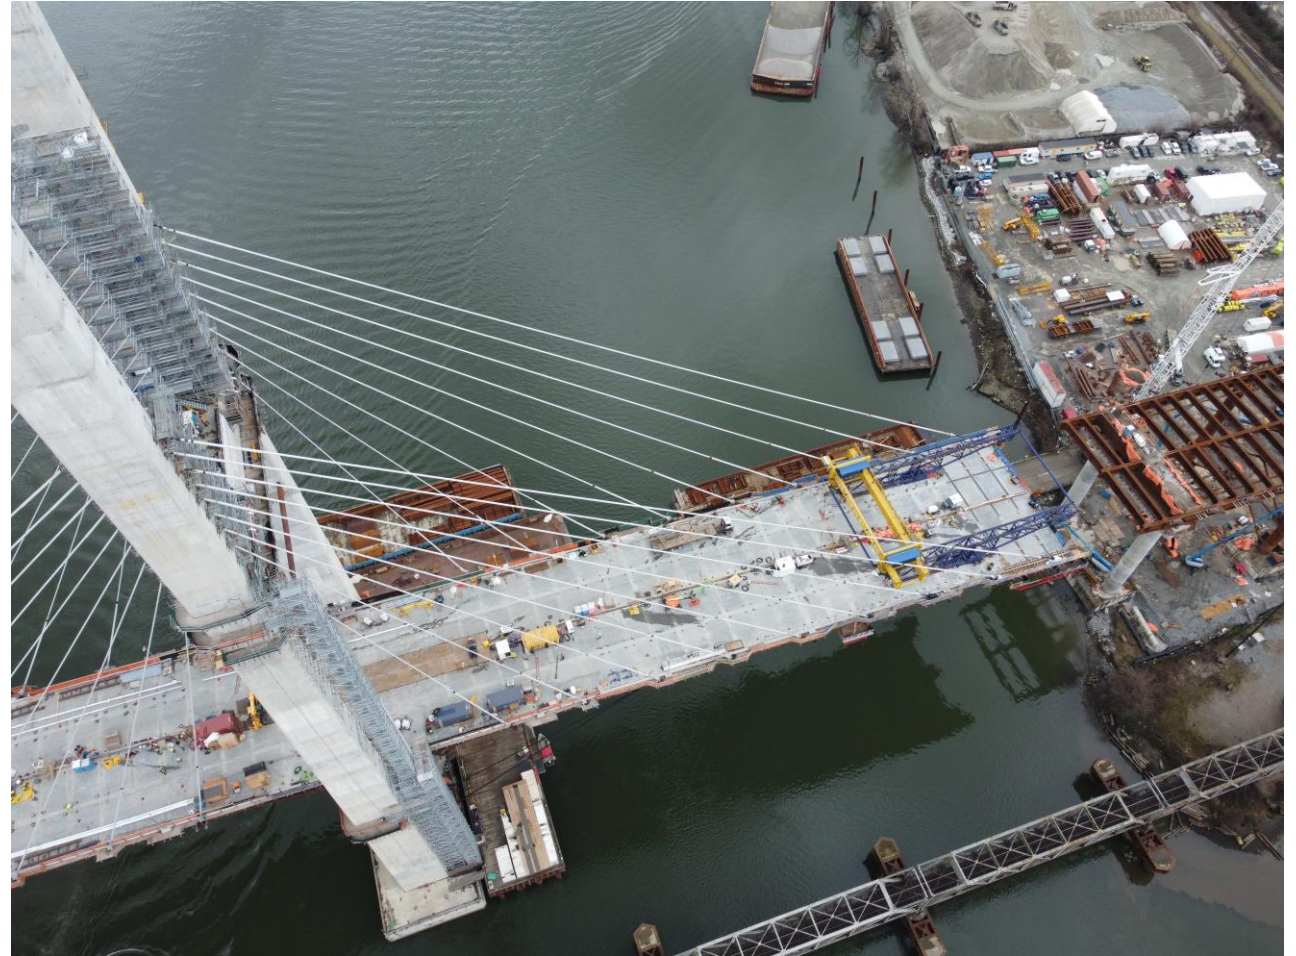

Connections in New Westminster

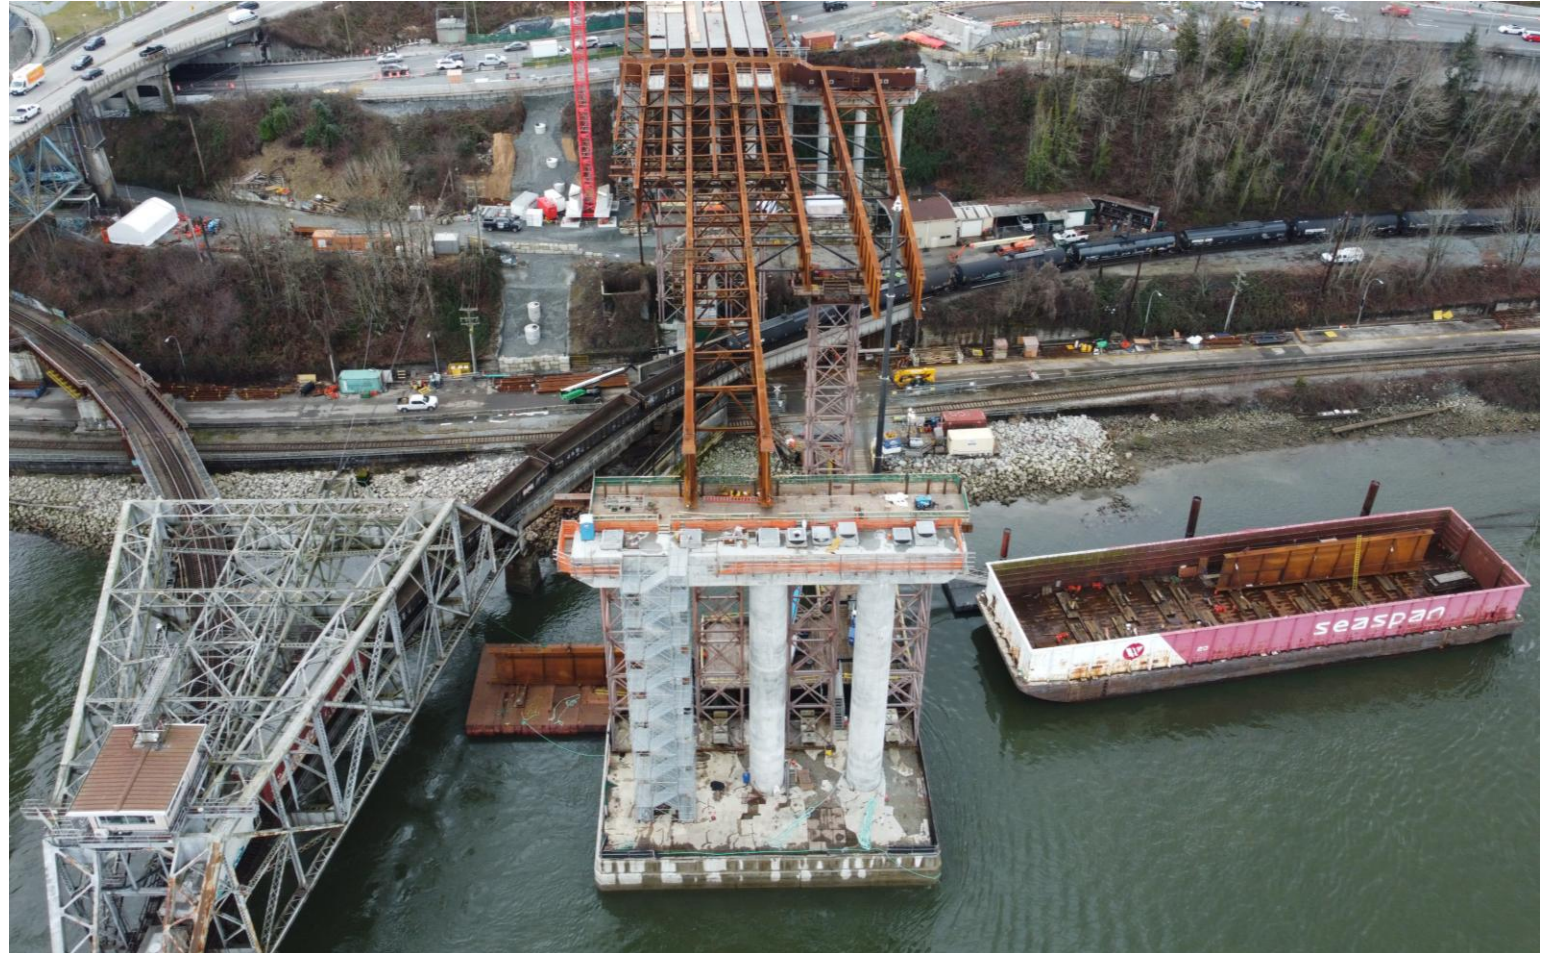

Construction Update

- Bridge deck construction well underway
- Girder and deck panel installation ongoing in New Westminster
- McBride and Columbia intersection improvements complete

North Approach Bridge Deck – Girder Installation

- Front St. closure in effect
- Girder installation ongoing over Front St.
- Mitigations include flaggers at Royal/McBride and ongoing enforcement

North Approach Bridge Deck – Deck Panel Installation

- Deck panel installation underway over Columbia St.
- Concrete pours and finishing work will require additional overnight closures

Front St. Anticipated Road Closures 2025

- Closed until March 14
- From mid-March to end of 2025 there will be some **weeknight full road closures** for deck panel installation, deck pours, and finishes

Columbia St. Anticipated Road Closures 2025

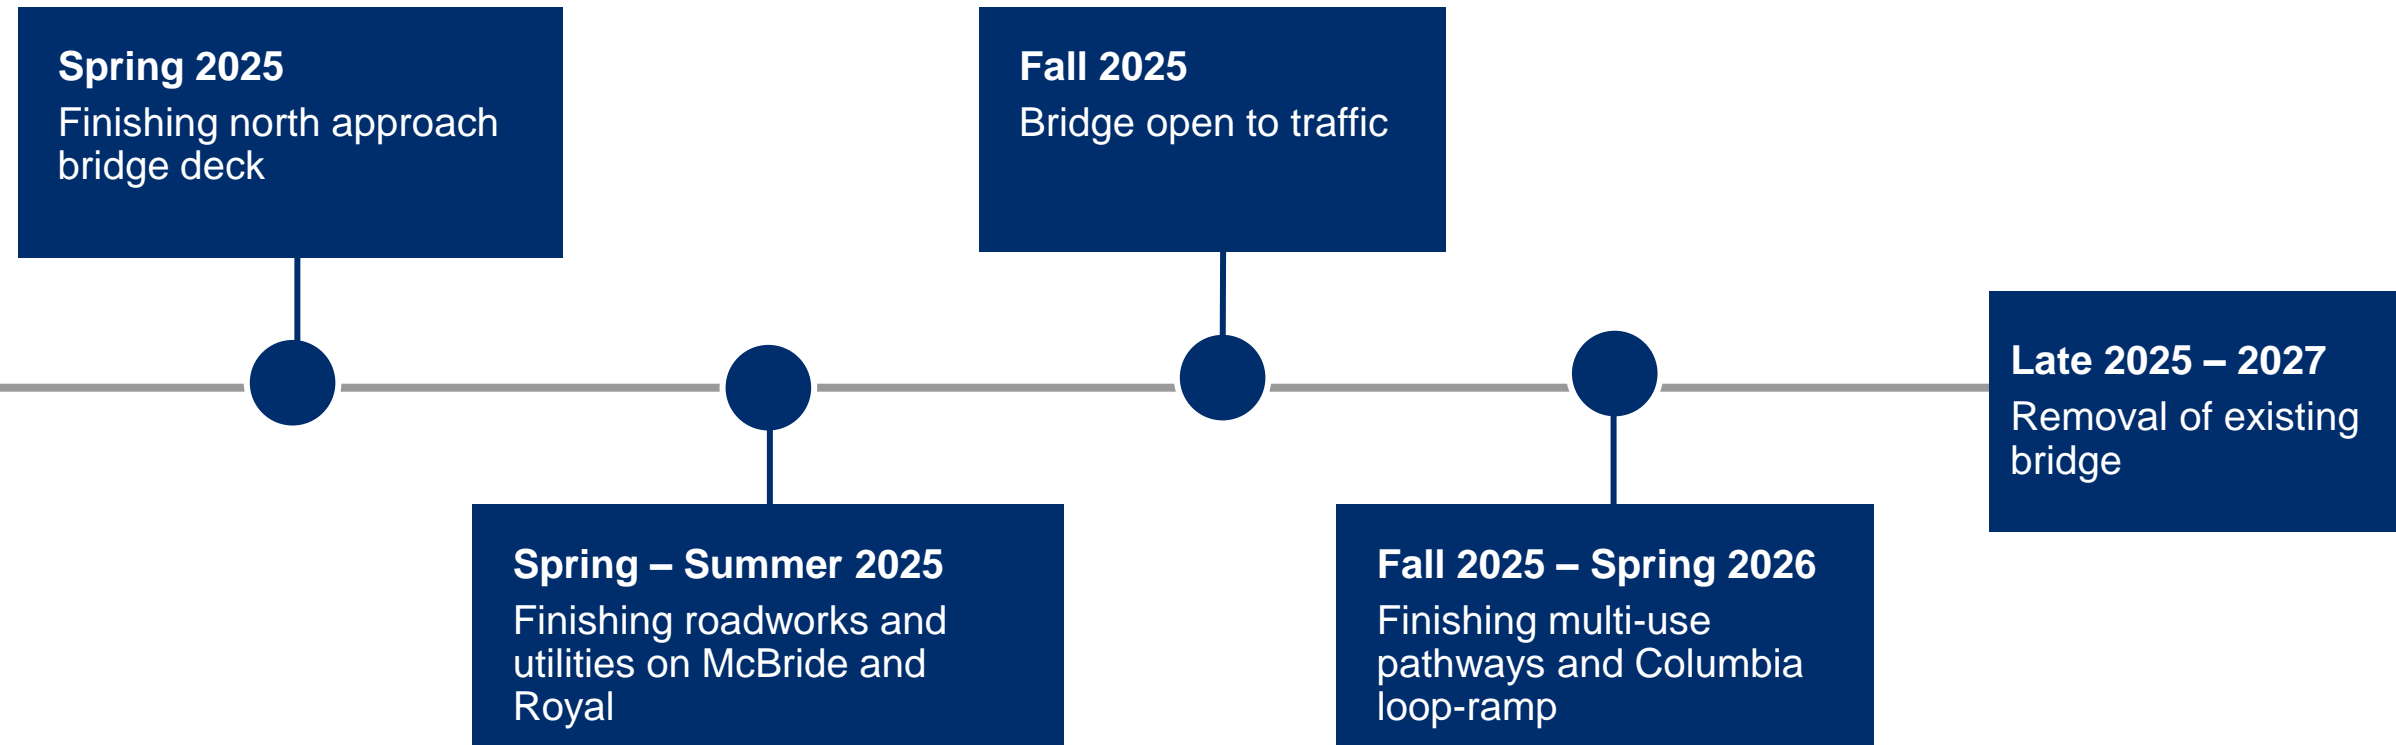

- Not closed at the same time as Front St.
- In spring there will be a **full road closure on 2 weeknights** for bridge deck pours
- In spring/summer there will be some nighttime lane closures for bridge finishes/roadworks
- In summer/fall there will be **weeknight and some weekend full road closures (TBC)** for MUP bridge installation, east Columbia off-ramp

Other Upcoming Construction Activities

- Construction of the new Columbia St. loop-ramp (1)
- Construction of the new Royal Ave. on-ramp (2)

Key New Westminster Work Activities 2025

Traffic Management During Bridge Deconstruction

Ongoing Communications

Advance notifications to residents, businesses, and travelling public has been ongoing:

Email and mail notifications

Meetings with business association, door-to-door visits with businesses

Social media and website updates

Traffic media advisories and live ad reads on radio stations

Engagement – Next Steps

We want to hear from you:

- Business Liaison Committee?
- Provide social media toolkit of assets to support in outreach?
- Increased door-to-door engagement?
- Continued live ad reads on traffic radio?
